I. Preamble

C1.1 — Introduction
The practice of orthotics, prosthetics and pedorthics (“Profession”) is a recognized allied health profession. The ABC Credential Holder assumes specific responsibilities to the physician or other licensed healthcare prescriber, the patient, the public, associates and to the Profession itself. These responsibilities must be discharged with honor and integrity to assure the maintenance of public confidence in the Profession. For the purposes of this Code of Professional Responsibility (“Code”), the term “ABC Credential Holder” shall mean any person, facility or organization which may apply or has applied for, or has been awarded any of the accreditations or certifications offered by the American Board for Certification in Orthotics, Prosthetics and Pedorthics, Inc. (“ABC”). As used herein, “Committee” refers to the Professional Discipline Committee of the ABC.

The Profession exists for the primary purpose of assisting patients in maintaining functional lives. The ABC Credential Holder shall be responsible for making the greatest possible effort to satisfy the patient’s orthotic, prosthetic or pedorthic requirements. The manner in which the patient is served is the essential factor relating to the appropriate ethical professional conduct. Members of the Profession are responsible for maintaining and promoting ethical practice including, without limitation, reporting unethical practices in accordance with this Code. This Code, adopted by ABC, shall be binding upon all ABC Credentials Holders.

C1.2 — Ethics, Custom and the Law
Unethical conduct may involve violations of customs and usages of the Profession as well as actions that violate the law and regulations. Failure to conform to this Code, including conduct that violates moral principles, customs and practices of the Profession, the law or regulations, may be subject to disciplinary action in accordance with the “Rules and Procedures Regarding the Code of Professional Responsibility” Complaints (“Rules”). Disciplinary action depends on the particular circumstances involved and, without limitation, how the conduct in question reflects upon the dignity and integrity of the Profession.

The Committee will take appropriate action, if any, consistent with the Rules. Each ABC Credential Holder has a civic and professional obligation to report to the appropriate governmental body any and all evidence that may come to his/her attention involving the alleged criminal conduct of any ABC Credential Holder relating to the practice of orthotics, prosthetics or pedorthics.
C1.3 — Disclosure of Other Agency Actions
Each ABC Credential Holder must promptly, fully and accurately disclose to ABC any and all investigations, finding and actions by any: (i) orthotic, prosthetic or pedorthic (“OP&P”) related agency or body responsible for national, state or local licensing or oversight of health or OP&P related licenses or certifications; (ii) government agency; (iii) quasi-government agency or (iv) licensing board (collectively “Agencies”). The ABC Credential Holder’s disclosure requirement includes investigations by Federal, State or private payors regarding existing or potential billing malfeasance. The ABC Credential Holder’s disclosure requirement does not include general billing audits that are not specific to an ABC Credential Holder. Each ABC Credential Holder must make such disclosure to ABC within 30 days from the date of the commencement of action by any Agency. Each ABC Credential Holder must promptly and fully cooperate with ABC and the Agencies.

II. Responsibilities to the Physician or Appropriately Licensed Healthcare Prescriber

C2.1 — Diagnosis and Prescription
It is the responsibility of the ABC Credential Holder to work in conjunction with the physician or appropriately licensed healthcare prescriber to determine the medical appropriateness of the orthosis, prosthesis or pedorthic device. The ABC Credential Holder must receive a prescription from a physician or appropriately licensed healthcare prescriber or other valid order that meets the profession’s standards before providing any orthosis, prosthesis or pedorthic device to a patient. “Valid orders” include but are not limited to: referrals, authorizations or hospital or skilled nursing facility orders, or other requests that are consistent with the profession’s standards.

Notwithstanding the above, the ABC Credential Holder may, without prescription or other valid order, provide a prefabricated orthosis or pedorthic device, component parts thereof or certain component parts of a prosthesis to a patient if (i) the ABC Credential Holder does not expend his or her professional skills in custom fitting the orthosis or pedorthic device, the component parts thereof or the certain component parts of a prosthesis to the patient, and (ii) the cost of the orthosis or pedorthic device, component parts thereof or certain component parts of a prosthesis is billed directly to or paid by the patient or is billed in accordance with third-party payer regulations.
C2.2 — Orthotic, Prosthetic and Pedorthic Evaluation and Recommendation
It is the responsibility of the ABC Credential Holder to recommend specific orthotic, prosthetic or pedorthic design. The ABC Credential Holder shall recognize that each individual patient is unique and deserves specific and responsive guidance from the ABC Credential Holder. The ABC Credential Holder shall be guided at all times by concern for the physical, emotional, social and economic welfare of the patient. All decisions by the ABC Credential Holder must be made with the understanding and intent that the patient’s best interests are the primary concern.

C2.3 — Changes in Patient’s Condition
When appropriate, or when requested by the patient, physician or licensed healthcare provider, the ABC Credential Holder shall monitor and observe the patient’s physical condition in connection with the orthotic, prosthetic or pedorthic care and the prescribed device to make certain the patient is responding appropriately. As soon as possible, the ABC Credential Holder must notify the physician or referring appropriately licensed healthcare provider and the patient of changes in the patient’s condition that affect the patient’s orthotic, prosthetic or pedorthic treatment plan.

C2.4 — Provision of Services
The ABC Credential Holder shall recognize the patient’s freedom of choice in selection of the orthotic, prosthetic or pedorthic treatment. Professional affiliations, including employment and referral relationships, may not adversely limit access to services and shall not adversely affect the decision-making process of the ABC Credential Holder. The ABC Credential Holder must adhere to the ethical principles of ABC which shall take preference over business relationships.

C2.5 — Modifications
The ABC Credential Holder may repair or adjust an orthosis or prosthesis without notifying the prescribing physician or appropriately licensed healthcare prescriber, however, such repairs or adjustments must conform to the original prescription or the prescription as modified by the prescribing physician or appropriately licensed healthcare prescriber. Any repairs, adjustments, modifications or replacements that substantially alter the design or function of the originally prescribed devices, must be authorized by the physician or the appropriately licensed healthcare provider.
III. Responsibilities to the Patient

C3.1 — Confidential Information
All information relating to a patient’s identity, background, condition, treatment or management plan or any other information relating to the ABC Credential Holder/patient relationship is, and shall always remain, confidential and may not be communicated to any person or entity who is not providing direct medical care to the patient without the prior written consent of the patient or patient’s legal guardian.

Patient information that may be derived from any ABC Credential Holder’s peer review process shall be held and always remain confidential by all participants unless written permission to release the information is obtained from the patient or patient’s legal guardian. All patient information derived in a work place from a working relationship relating to any patient shall be held and always remain confidential by all parties. The confidentiality requirements set forth in this Code shall be strictly adhered to by all ABC Credential Holders unless required otherwise by law or valid court order or subpoena, or if it becomes necessary to disclose such information to protect the welfare of the patient or the community. In such an event, any disclosure of confidential information shall be in accordance with applicable legal requirements.

C3.2 — Care
The ABC Credential Holder shall use all reasonable efforts to meet the patient’s orthotic, prosthetic and pedorthic requirements. Upon accepting an individual for orthotic, prosthetic or pedorthic services, the ABC Credential Holder shall assume the responsibility for performing the tasks associated with Patient Assessment, Formulation of the Treatment Plan, Implementation of the Treatment Plan, Follow-up Treatment Plan, Practice Management, and Promotion of Competency and Enhancement of Professional Practice, all within the scope of practice of the discipline(s) in which they are credentialed or privileged and as described in the ABC Practice Analysis of the Discipline of Orthotics and Prosthetics and the ABC Orthotic, Prosthetic and Pedorthic Scope of Practice (“Scope of Practice”), as they may be amended.

C3.3 — Research

C3.5 — Fees and Compensation
The ABC Credential Holder shall provide services and orthoses or prostheses based on the needs of the individual receiving the services and not solely for personal financial gain. The ABC Credential Holder shall not engage in false, misleading or deceptive actions in relation to the ultimate cost of the services undertaken or furnished. The ABC Credential Holder shall not over-utilize or unnecessarily continue orthotic, prosthetic or pedorthic services beyond the point of benefit or by providing services more frequently than necessary. The ABC Credential Holder shall not submit false or misleading information in requesting payment or reimbursement.

C3.6 — Practice Arrangements
The ABC Credential Holder shall not: (i) directly or indirectly request, receive or participate in dividing, transferring, assigning or rebating any funds derived from a referral of a patient to any other individual or entity, whether affiliated with the ABC Credential Holder or otherwise; or (ii) profit by means of a credit or other valuable consideration, such as an unearned commission, discount or gratuity for providing orthotic, prosthetic and pedorthic services, except for the fees earned for services performed for the patient.

The ABC Credential Holder shall refer all patients to the most appropriate service provider, taking into consideration the nature and extent of the problem, treatment resources and availability of healthcare benefit coverage, and the likelihood of receiving appropriate and beneficial care. If the ABC Credential Holder is involved in an arrangement with a referring source in which the referring source derives income from the ABC Credential Holder’s services, the ABC Credential Holder must disclose all pertinent information to the patient including without limitation that the referring practitioner derives income from the provision of the services. The ABC Credential Holder shall advise his/her employer of any employer or employee practice which is in contradiction with this Code.

C3.7 — Delay in Services
The ABC Credential Holder shall not accept any prescription when the ABC Credential Holder knows, or has good cause to believe, that the orthosis or prosthesis cannot be furnished within a reasonable period of time. In such instances, the ABC Credential Holder must discuss the situation with the patient and physician or appropriately licensed healthcare provider. The ABC Credential Holder shall not unreasonably delay or allow the unreasonable delay of the provision of orthotic, prosthetic or pedorthic services.

This reporting requirement includes, without limitation, self reporting, and the reporting about other ABC Credential Holders, in connection with a third party investigation and finding, regardless of whether the investigation has been completed.

C3.10 — Delegation of Responsibility
The ABC Credential Holder shall not delegate any task requiring unique skills, knowledge or judgment to an unqualified person. The primary responsibility for orthotic, prosthetic and pedorthic care performed by supporting personnel rests with the delegating ABC Credential Holder. Adequate supervision, as defined in ABC’s Scope of Practice, is required to make certain the patient receives the necessary and appropriate care.

C3.11 — Advertising and Public Communication
The ABC Credential Holder shall not provide any consideration to any member of the press, radio or television, or other communication medium in exchange for professional publicity in a news item. When advertising, the ABC Credential Holder may publicize him/herself through any commercial publicity or other form of public communication (including any newspaper, magazine, telephone directory, radio, television, direct mail or other advertising) provided that the communication shall not: (i) contain a false, fraudulent, misleading, deceptive, unfair or sensational statement or claim; (ii) be misleading due to the omission of necessary material information; (iii) contain any false or misleading statement; (iv) otherwise operate to deceive; or (v) promise remuneration of any kind, in exchange for providing services, that would violate Federal or State law or regulations. Each advertisement shall be identified as an advertisement unless it is absolutely clear from the context that it is a paid advertisement.

C3.12 — Illegal Discrimination
The ABC Credential Holder shall not decline to accept a patient on the basis of race, gender, color, religion or national origin or on any basis that would constitute illegal discrimination under Federal law.

C3.13 — Sexual Relations with Patient Prohibited
The ABC Credential Holder shall not have consensual or nonconsensual sexual relations with a current or former patient of the ABC Credential Holder unless a consensual sexual relationship existed between the ABC Credential Holder and the patient prior to the provision of any orthotic, prosthetic or pedorthic services or the ABC Credential Holder has not provided any orthotic, prosthetic or pedorthic services to the patient for a one year period preceding the beginning of the sexual relationship or for a one year period after the termination of the sexual relationship. The ABC Credential Holder shall not engage in, require or demand sexual relations with a patient incident to or as a condition of any orthotic, prosthetic or pedorthic services.
C3.14 — Sexual Relations with Key Third Parties Prohibited
The ABC Credential Holder shall not have consensual or nonconsensual sexual relations with a Key Third Party when such relations are based on the use or exploitation of trust, knowledge, influence or emotions derived from a professional relationship. A “Key Third Party” is a person who is closely related to the patient and shall include, but not be limited to, spouses or partners, parents, guardians, surrogates and proxies. Each matter shall be evaluated on a case-by-case basis. Factors to be considered shall include: (i) the nature of the patient’s orthotic, prosthetic or pedorthic problem; (ii) the length of the professional relationship; (iii) the degree of the Key Third Party’s emotional dependence on the ABC Credential Holder; and (iv) the importance of the clinical encounter to the Key Third Party and the patient.

IV. Responsibilities to Colleagues and the Profession

C4.1 — Dignity

The credentialed principals and credentialed officers of an accredited facility shall be responsible for the facility’s employees’ or independent contractors’ compliance with this Code and the Rules, regardless of whether the employees or independent contractors are credentialed.

VI. Patient Care by Other Healthcare Professionals

C6.1 — Concern about Care by Other Healthcare Professionals
The ABC Credential Holder should exercise appropriate respect for other healthcare professionals. Concerns regarding patient care provided by other such professionals should be addressed directly to those professionals rather than to the patient. In the event that such concerns rise to the possible level of criminal violation, incompetence or malpractice, then the ABC Credential Holder must immediately notify the appropriate credentialing or licensure authority and if necessary, the patient or legal guardian.

VII. Credential

C7.1 — Use of Credential

This action will be conducted without the right to have a hearing, as described in Rule R5.6. Following receipt of the ABC Credential Holder’s response, the Committee may proceed with a final determination in accordance with Rules R2.3 and R6.1. If the ABC Credential Holder has been charged with a felony or possible violation of a pertinent rule or regulation, such charge will neither require nor preclude further action by the Committee.

R3.2 — Affiliations
If the ABC Credential Holder has been expelled or suspended for unethical or unprofessional conduct from a national, regional or state professional association, or had his/her/its license or credential revoked or sanctioned in any way on ethical grounds by a state licensing or certifying authority, the Committee shall review the records leading to the sanction(s), if available, and may, if appropriate, send the ABC Credential Holder a notice that his/her/its credentialed status will be suspended or revoked without further proceedings.
R3.3 — Malpractice
If the ABC Credential Holder has acknowledged committing or has been found to have committed malpractice, the Committee shall review the record leading to the findings, if available, and may thereafter send the ABC Credential Holder a notice that his or her credentialed status will be suspended or revoked without further proceedings.

R3.4 — Appeal of Committee Action Pursuant to Rule R3.2 or R3.3
Except in those instances set forth in Rule R3.1, if the ABC Credential Holder’s credentialed status is revoked or suspended pursuant to Rules R3.2 or R3.3, the ABC Credential Holder must notify the Committee, in writing, within 30 days of the date of the notification of the Committee’s decision, if he/she/it intends to appeal the Committee’s decision. The written appeal must be mailed by certified mail, return receipt requested or by verifiable overnight express mail service, to ABC’s headquarters. The written appeal must include all reasons and bases for the appeal. Along with the written appeal, the ABC Credential Holder shall pay to ABC the applicable appeal administrative fee. At the Committee’s sole discretion, a hearing may be conducted by telephone conference call or in person if the Committee determines that exceptional circumstances exist. The hearing shall be scheduled by the Committee within 30 days of receipt of the ABC Credential Holder’s notification, and shall take place within 60 days thereafter at a date and time established by the Committee. The ABC Credential Holder shall be responsible for all of his/her/its costs.

IV: Disciplinary Procedures — Initial Consideration

R4.1 — Complaint
A complaint (“Complaint”) against any ABC Credential Holder may be submitted by: (i) any party claiming to have been harmed by the unethical or unprofessional conduct of the ABC Credential Holder; (ii) any national, regional or state professional association of which the ABC Credential Holder is a member; (iii) any licensing or credentialing authority; (iv) ABC; or (v) the Committee. The Complaint must be in writing and must contain complete and accurate information as required by the ABC Complaint form.

R4.2 — Disclosure of Previous Actions
The Complainant shall inform the Committee of previous steps, if any, that have been taken with respect to the alleged unethical or unprofessional conduct and the results of such steps taken.

R4.3 — Committee Complaint
The Committee may proceed on its own initiative when an ABC Credential Holder appears to have violated the Code by initiating an investigation or requesting information from the ABC Credential Holder or by submitting a formal Complaint.
R4.4 — Anonymous or Oral Complaint
The Committee may not act solely on the basis of an anonymous or oral Complaint.

R4.5 — Additional Information
The Committee may, through correspondence or otherwise, seek supplementary information from the Complainant or any other party, when necessary, in order to completely evaluate the substance of the allegations. In the event that the Committee determines that additional information is necessary but the Complainant refuses to provide such information, the Committee may determine that the case should be closed.

V: Disciplinary Procedures — Initial Action

R5.1 — Initial Determination
Within 45 days of receiving a Complaint from the Complainant, the Committee shall determine whether sufficient information exists to proceed with a formal investigation. The Committee shall not proceed until such time as the Committee is satisfied that the Complainant has complied with all procedural requirements. If the Committee concludes that an investigation is not warranted, it shall notify the Complainant within 30 days of its determination.

R5.2 — Formal Investigation
If the Committee determines that a formal investigation should ensue, it shall notify the Complainant and ABC Credential Holder within 30 days of its determination. The notification sent by the Committee to the ABC Credential Holder shall include the Complaint and a description of the alleged behaviors involved in the Complaint, including the specific Section of the Code that the ABC Credential Holder is alleged to have violated. The notification shall include a copy of the Code and these Rules. The notification shall further contain the name of the Complainant. If the Complainant refuses to have his/her name known to the ABC Credential Holder, the case shall be closed. The notification shall include a statement that the information submitted by the ABC Credential Holder shall become part of the record and may be used in further proceedings.

R5.3 — Response to Complaint
The ABC Credential Holder is required to provide to the Committee and personally sign his/her/its written response within 15 days from the date of the notification sent by the Committee. The ABC Credential Holder’s response must be complete, accurate and fully responsive to the Complaint. Failure to respond, or any other unwarranted delay by the ABC Credential Holder, or the lack of the ABC Credential Holder’s cooperation, shall in no way prevent the continuation or conclusion of the proceedings by the Committee as it deems fit.
R5.4 — Additional Information
If, after receipt of the ABC Credential Holder’s response, the Committee determines that additional information is warranted from either or both the Complainant or the ABC Credential Holder, or from any third party, it shall notify the Complainant and the ABC Credential Holder of the request for additional information. The parties shall provide the additional information no later than 15 days from the date of the request for additional information.

R5.5 — No Further Action
Once all of the information has been received pursuant to Rules R5.3 and R5.4, the Committee may conclude that the Complaint has no basis in fact, is insufficient or is likely to be corrected on its own merit and, therefore, may determine to close the case without further action. Such decision shall be made within 45 days of the Committee’s receipt of all of the information. If the Committee determines to close the case, it shall inform both the Complainant and the ABC Credential Holder.

R5.6 — Right to a Hearing
If the Committee, having received all information pursuant to Rules R5.3 and R5.4, determines that further action is warranted, it shall notify the Complainant and the ABC Credential Holder that the Committee is prepared to consider all of the information before it and render a decision on that basis. The ABC Credential Holder may request that, prior to such analysis and decision, he/she/it be afforded the opportunity to have a hearing before the Committee so that he/she/it may present his/her/its interpretation of the facts before the Committee. If the ABC Credential Holder desires to have a hearing before the Committee, he/she/it must so notify the Committee, in writing, within 15 days of the Committee’s notification to the ABC Credential Holder and Complainant as set out in this Rule R5.6. The ABC Credential Holder’s failure to timely request a hearing shall be deemed a waiver by the ABC Credential Holder of the right to a hearing. All hearings shall be by telephone conference call unless due to exceptional circumstances the Committee determines in its sole discretion to conduct an in-person hearing. The Complainant shall be invited to be present during the hearing. If the Complainant is invited to be present during the hearing but does not attend, the hearing and investigation shall not be delayed or terminated.

R5.7 — Peer Review
The hearing process shall be conducted through peer review. The ABC Credential Holder may be accompanied by any third party, including legal counsel. However, the ABC Credential Holder personally, and not any other party including, without limitation, the ABC Credential Holder’s legal counsel, shall make all presentations, responses and address all issues to the Committee.
R5.8 — Committee Panel
